IMPROV

MASTER

Improv - the ability to improvise in any situation - is an essential skill to be mastered by all. Answering Table Topics is an exercise in improv. So too is making a sales call, interviewing for a job or serving as an emcee. This is an interactive workshop where you will learn by observing or participating in a series of improv games.

This session is recommended for those participating or organizing Table Topics contests. Guests are welcome to stay on after the session for the club contests at [Next Step Toastmasters](#) - the *Only* Advanced Club in the South Bay.
