

DON'T EQUIVOCATE ... IMPROVOCATE!

Apply improv “in the moment” to answer the call in work, social and interpersonal situations.

Join us on March 21st and learn how improv helps you **solve problems, build new relationships, ideate**, improve your **listening** and **breed confidence** in everything you do.

At this 75 minute **fast-paced, activity-packed** demo meeting for the Silicon Valley ImprovMasters club, you'll get a taste of the **most creative Toastmasters club** in the Valley and how improv can **improve the quality** of your life.

Be among the charter members of this newest District 4 Toastmasters club forming this month.

Our Speaker: Craig Harrison is a professional speaker and trainer, a past president of the National Speaker's Association Northern California chapter, and past District Governor and Distinguished Toastmaster for District 57 Toastmasters. Craig can show you how a “yes, and” attitude and the ability to think differently can lead to stunning results.

Pick up skills and techniques for:

—————
Brainstorming

—————
Negotiating win-win solutions

—————
Mental flexibility

—————
Stress-busting
